

# **Intro to Vibrational Healing and Life Alignment**

**with David Pasikov [www.pasikov.com](http://www.pasikov.com)**

**On the 3<sup>rd</sup> Wednesday of each month**  
**7:00 – 8:30 pm FREE**

In these times of significant change, not only for the Earth but also in human awareness, it is useful for us to individually keep our frequency attuned to a higher level. Life Alignment is a system of energy healing and transformation that can be practiced on oneself as well as with others. It currently is taught in 20 countries around the world.

David Pasikov has started this MeetUp, to explore the principles of vibrational healing and the Life Alignment system. No prior experience or training in vibrational healing is required. During our time together, David will also demonstrate energy balancing through using Life Alignment as part of a group process.

David is the U.S. coordinator of Life Alignment as well as an advanced practitioner and teacher of this remarkable system of energy healing. He is also a past president of the Colorado Association of Psychotherapists and uses Life Alignment as a form of body-centered psychotherapy in his private practice in Boulder, Colorado. In addition to his psychotherapy practice, David is a certified coach and mediator and is a corporate trainer. From 2011 to 2015, David was an associate professor at Holos University, where he taught Life Alignment and vibrational healing. Please visit [www.life-alignment.net](http://www.life-alignment.net) for more information, or contact David (303) 442-6366 or email him at [david@pasikov.com](mailto:david@pasikov.com).
